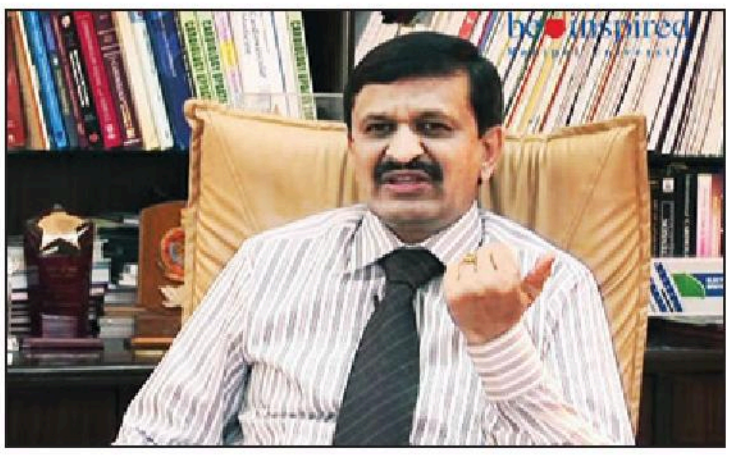
Dr. C.N. Manjunath to open Dasara-2020

Mysuru, Oct. 10 (RK&SSV)- The State Government has selected Dr. C.N. Manjunath, Cardiologist and Director, Sri Jayadeva Institute of Cardiovascular Sciences and Research, Bengaluru, to inaugurate Dasara-2020 atop Chamundi Hill in Mysuru on Oct. 17.

This was disclosed to media persons by Co-operation and District Minister S.T. Somashekar at Suttur Mutt here this morning.

He said while Dr. Manjunath will open Dasara festivities, six Corona Warriors will be felicitated at the same venue. They are: Maragamma, a Pourakarmika; Dr. Naveen, Medical Officer, Health Department; Rukmini, Staff Nurse; Noorjahan, ASHA worker; Kumar, Police Constable and Ayub Ahmed, who performs last rites of unclaimed bodies.

"It is a golden letter day in my life" was the initial reaction of Dr. Manjunath when *Star of Mysore* contacted him. He said, "it is an honour to 6.5 crore people of Karnataka. I deem it as a big honour for me to inaugurate the world-famous Dasara festival. This is a big honour for all Corona Warriors including doctors and nurses who are working day and night in treating COVID-19 patients. I am indebted to the State Government, Chief Minister B.S. Yediyurappa and District Minister Somashekar for giving me this opportunity."



Cardiologist Dr. C.N. Manjunath

Dr. Manjunath said it was the duty of every individual to strictly follow the guidelines issued by the State Government to celebrate this Dasara in a safe manner in view of the pandemic.

MMC alumnus

Sixty-three-year-old Dr. C.N. Manjunath is one of the most reputed doctors in the country. He did MBBS from Mysore Medical College (MMC) in 1982, MD (General Medicine) from Bangalore Medical College in 1985 and DM (Cardiology) from Kasturba Medical College in 1988. Under his flagship, Sri Jayadeva Institute of Cardiovascular Sciences and Research has recorded 300 percent overall growth and the bed strength has been increased from 330 to 640 beds exclusively for cardiac care. He has also introduced and is practicing the "Treatment First Payment Next" concept. He has very exclusively implemented "Every needy patient should be given quality treatment irrespective of financial affordability."

COVID Panel's advisory

Somashekar said the State Government has accepted recommendations of a three-member technical team headed by Dr. M.K. Sudarshan, Chairman, COVID-19 State Technical Advisory Committee, Dr. Mohammed Sharif, Member-Secretary and Dr. Lokesh Alahari, Member of the Committee, regarding Dasara celebrations.

RT-PCR test for priests

Muzrai Minister Kota Srinivas Poojary did not rule out imposing restriction atop Chamundi Hill during 10-day Dasara. He told reporters that all safety measures will be strictly followed. RT-PCR test will be mandatory for priests and staff of Chamundi Hill as more number of people visit the Hill during Dasara season. A decision to this effect will be taken soon, he said.

Novelist Dr. Bhyrappa honoured with Dr. Shivaram Karanth Award

Mysuru, Oct. 10 (PM&DM)- Minister for Muzrai and Fisheries Kota Srinivas Poojary conferred the prestigious 'Kota Shivaram Karanth Huttoora' award on city's Novelist Dr. S.L. Bhyrappa at an event held at Pramati Hillview Academy here today. He was also presented with a miniature bust of Dr. Karanth.

The award is given by Kota Dr. Shivaram Karanth Huttoora Prashasthi Prathisthana, in association with Kotathattu Gram Panchayat of Udupi district, the birth place of Dr. Shivaram Karanth, to achievers who have excelled in any of Dr. Karanth's field of interest for over 15 years.

Speaking on the occasion, Poojary said that the event which was to take place at Kota in Udupi, is taking place in Mysuru in the wake of COVID-19. Lauding Dr. Bhyrappa, he said the silver citation presented with the award features the multi-faceted talent of Dr. Karanth, who always thought of giving something back to his birthplace.

Speaking after receiving the award, Dr. Bhyrappa said the award has a special significance in the literary world. Pointing out that Dr. Karanth was a factualist and a great Yakshagana enthusiast, he said that though some groups labelled him as a rightist, Karanth was a unique person.

Noting that Dr. Karanth returned *Padma Bhushan* award in protest against the imposition of Emergency by the then PM Indira Gandhi, Dr. Bhyrappa said that Dr. Karanth's multi-talented personality is matched by only a very few in the country.

Minister S.T. Somashekar, MP Pratap Simha, MLA Nagendra, DC Rohini Sindhuri, Kotathattu GP Administrative Officer Arun Kumar Shetty and MUDA Chairman H.V. Rajeev were present.

200 at Hill Temple, 300 for *Jumboo Savari*

Bengaluru, Oct. 10 (SSV)- A three-member COVID-19 State Technical Advisory Committee (TAC) led by its Chairman Dr. M.K. Sudarshan has recommended to the State Government to allow only 200 persons at the inauguration of Dasara-2020 atop Chamundi Hill on Oct. 17.

Similarly, for *Jumboo Savari* inside the Palace on Oct. 26 only 300 people will be allowed. Even for cultural events at Palace, the Panel has limited it to only 50 persons and the duration to just two hours.

The Panel members had visited Chamundi Hill and Palace on Friday and interacted with district officials about Dasara preparations. Later, they left to Bengaluru where they submitted a report containing recommendations to the Government.

Important recommendations

• It is strongly recommended to make Dasara virtual for public. Consequently, public are not allowed this year for above events.

• The number of persons to be allowed for the above events should be strictly adhered to.

• RT-PCR negative report (done after Oct. 14) should be mandatory for all those attending the above events to ensure COVID-19 safety in the venues. This includes all officials, staff, security personnel, media personnel, artistes and others.

• Performers should be local artistes preferably from Mysuru and other districts of Karnataka.

• Compulsory face mask, provision of hand sanitisers and hand washing facility with soap and water, thermal screening, marking of squares or circles at entry, exit and appropriate places to ensure physical distancing.

• Persons with symptoms of cough, cold, fever, throat pain, difficulty in breathing, should not be allowed at venue.

Malladihalli Swamiji Seva Award

Dr. Manu

Mysuru, Oct. 10- Marking the death anniversary of Mahayogi Sri Raghavendra Swamiji of Malladihalli, Yoga Federation of Mysore (YFM) in association with Himalaya Foundation, has organised a programme at Mysore Yoga Association auditorium here on Oct. 11 at 5 pm. Social Worker Dr. K. Raghuram will inaugurate. Former President of District Kannada Sahitya Parishat Maddikere Gopal will offer floral tributes to the portrait of Swamiji. Vice-President of YFM Yogaprakash will deliver introductory address. President of Mysore Yoga Association Dr. C. Ramesh Shetty will preside.

Industrialist M.N. Doreswamy will be the chief guest. On the occasion, Malladihalli Sri Raghavendra Swamiji Seva Award will be conferred on Ayur Matam-Academic Institute (AM-AIAYS) Managing Director Dr. Manu B. Menon

Self-employment and Education loan facility

Mysuru, Oct. 10- Karnataka Arya Vysya Community Development Corporation (KACDC) has invited applications from its community members to avail loan for the year 2020-21.

Self-employment loan will be given to start small trade and businesses. The annual income of applicants of urban and rural areas should be within Rs. 3 lakh and in the age group of 18 to 45 years. Under 'Arivu' education loan scheme, loan will be given to the candidates selected for medicine, dental, professional courses or post-graduate courses and should have been selected through CET/ NEET.

Even the candidates pursuing Ph.D are also eligible for education loan. However, the family annual income should be less than Rs. 6 lakh and should be in the age group of 18 to 35 years. There will be reservation of 33 percent for women and 5 percent for specially abled candidates.

Those interested to avail loan must apply online *[kacdc.karnataka.gov.in]* with all details before Nov. 15.

EDITOR'S BOTTOMLINE

Two Oppositionwallas – Oppos in short – talking about how best to oppose the Government's proposed farm reforms. 1st Oppo: *The best thing the Government could have done for the Opposition, for us Oppos, is propose these farm reforms which will enable farmers to sell their produce to whoever gives them the best price instead of being forced to sell what they grow in sarkar-regulated mandis where middlemen keep prices artificially low. There's just one small thing that bothers me. Before we became Oppos and were the Government, didn't we want these very same farm reforms, and didn't the then Opposition, which is now the Government, oppose those reforms?* ***2nd Oppo:*** *Of course we did, and of course they did. That's the thing with democracy: you have to have a popularly elected Government and an equally popularly elected Opposition whose duty is to be anti anything the Government does, or tries to do, and to oppose it.*

1st Oppo: *But do we have to oppose what the Government is trying to do even if we think that what it's trying to do is in fact a good thing, and indeed is the very same thing we tried to do when we were the Government?* ***2nd Oppo:*** *That's when we have to most oppose the Government. When we know that what the Government's wanting to do is a good thing, which we ourselves wanted to do, we don't want the Government to succeed in doing it and taking the credit for it and thereby continuing to remain in Government.*

1st Oppo: *I see. So the more we agree with what the Government's trying to do, the greater the vim and vigour with which we must oppose it so that the Government can't take credit for it?* ***2nd Oppo:*** *Exactly. And when we finally manage to oust the Government and become the Government ourselves, we can try and do what the previous Government was trying to do and which we opposed, and which the previous Government, now the Opposition, will then oppose.* ***1st Oppo:*** *This is why democracy is such fun – like a carnival merry-go-round it keeps going in circles ...*

— Jug Suraiya in The Times of India

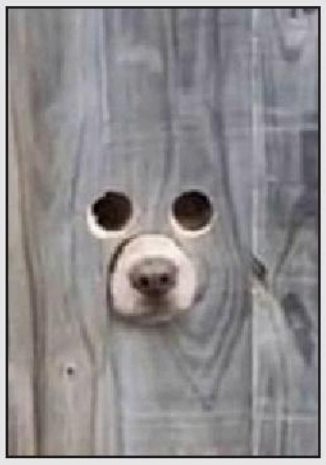
NEWS SPARKLERS

The world's only black cat cafe is in Japan

Himeji: Nekobiyaka, is the only black cat cafe in the Japanese castle town of Himeji, where one can enjoy a refreshing drink in the company of about a dozen black felines. Though there are hundreds of cat cafes all over Japan, only one is dedicated exclusively to black cats. Nekobiyaka opened in 2013 and has since become somewhat of a tourist attraction in Himeji.

The owner, Yagi, came up with idea of a black cat café as a way of increasing the felines' chances of finding a forever home. As in most places around the world, the rate of adoption for black cats in Japan is significantly lower than for all other colors, and many of them end up euthanized. At Nekobiyaka, visitors get to interact with black felines and discover that the stigma and superstition surrounding them is simply ridiculous.

Holes in fence for pooch to watch passers-by



London: A genius pet owner has made dog-sized holes in the fence for the pets to watch passers-by. The unnamed woman has cut six small holes in her garden fence for her two dogs - four for the eyes and two for their noses to poke through.

A video of the woman returning home and her dogs running up to look through the fence has gone viral. As the owner gets back to the house, one Labrador appears at the fence and is joined by a second shortly after. It was captioned: "Mommy is home". So far the video has been liked more than two million times and has garnered over 20,000 comments. One person thought it was genius, writing: "Smartest thing ever. You can see but you can't bark." Another said: "That's kind of creepy but adorable at the same time."

Really...?

- *If you could separate the Earth out into piles of material, you'd get 32.1 % iron, 30.1% oxygen, 15.1% silicon, and 13.9% magnesium. Of course, most of this iron is actually located at the core of the Earth. If you could actually get down and sample the core, it would be 88% iron. And if you sampled the Earth's crust, you'd find that 47% of it is oxygen.*

Man dies in wall collapse

Nanjundaswamy

Mysuru, Oct.10 (SPN&SSV)- A 58-year-old man was killed on the spot when a portion of compound wall of KSRTC bus depot in Kuvempunagar (Aravindanagar side) collapsed due to heavy rains in the city on Friday evening.

The deceased has been identified as Nanjundaswamy, a resident of Aravindanagar, 19th Cross. He was running a tailoring shop on 17th Cross in Aravindanagar since last 15 years.

Hailing from Malavalli in Mandya district, he is survived by his wife Vanajakshi and son Bharath, a second year engineering student.

Incident: Nanjundaswamy had returned to his shop around 4 pm, after attending the 'Yogakshema Yatra' held by MLA S.A. Ramdas. As rains started, he went near the compound wall of the KSRTC bus depot to attend nature's call. At that time, the dampened wall (due to rains since last three days) collapsed on him and was caught under the debris. On receipt of information, Ramdas rushed to the spot and summoned Kuvempunagar Police and 'Abhaya' - an emergency team of MCC to the spot to rescue him. By the time the debris was removed, Nanjundaswamy had succumbed. Later, the body was shifted to MMC&RI mortuary. Kuvempunagar Police have registered a case.

Compensation

Consoling family members, the MLA directed the MCC officials to release Rs.20,000 from District Disaster Management Fund as immediate relief and Rs.5,000 towards performing last rites. Former Corporator Jagadish was present at the spot. Ramdas has promised to get Rs.5 lakh compensation from Chief Minister's Relief Fund soon.

Meanwhile, three cars were also completely damaged in the wall collapse while four other cars had minor damages.

Device to check road mishaps planned for KSRTC buses

Sleep detectors to alert drivers if they doze off while driving and apply brakes automatically

Bengaluru, Oct.10 (SSV)- Karnataka State Road Transport Corporation (KSRTC) is planning to install a gadget which will alert the driver behind the wheels and apply the brake automatically if any vehicle or individual suddenly comes before the bus.

This was disclosed by Transport Minister and Deputy Chief Minister Laxman Savadi during a review meeting of KSRTC, BMTC, NWKRTC and NEKRTC here recently.

"This device being manufactured by a few companies will be a boon for the State Transport Corporation as it is losing Rs. 100 crore every year by way of compensation to be paid to accident victims involving the Government buses," Savadi said.

He said the sleep detectors will alert drivers if they doze off while driving. It will send a signal that will wake up drivers. Apart from this, the brakes will be applied automatically if any other vehicle or person accidentally comes before the bus.

The KSRTC officials were in touch with companies that were involved in manufacturing of such hi-tech gadgets to install them in the Government buses in a phased manner.

"Accidents take place not only due to rash and negligence of the Government buses but also of others. Hundreds of people have lost lives in accidents. The State Transport Corporation has coughed up huge amount as compensation without its mistake," he said.

The Minister said some high-end cars have this technology and it will send signal to driver if drowsing and apply the brake immediately if somebody or vehicle suddenly comes before the vehicle. If this successfully works in buses, the same will be installed in all the Government buses in phases, he added.

Courier service

Savadi said KSRTC will start the courier service from next month to generate additional revenue to the Corporation. The operation of buses had remained suspended for over three months owing to COVID-19.

Despite operation of buses since June, the number of people travelling in buses has not picked up. As a result, only 60 percent of buses were operated post-lockdown. All wasteful expenditure had been cut. Even new recruitment had been put on hold temporarily, he added.

Anjum Parvez, Principal Secretary, Department of Transport, Dr. Shivayogi Kalasad, Managing Director, KSRTC, Dr. Arun, Director (Security & Vigilance), BMTC, Kurmarao, Managing Director, NWKRTC and other senior officials were present.

Operation stray cattle

Mysuru, Oct. 10 (LNY&KS)- The Mysuru City Corporation (MCC) staff, assisted by V.V. Puram Traffic Police have seized two cows which were found roaming freely on roads causing traffic problems at Jayalakshmipuram yesterday. Though MCC and Police are frequently warning cattle owners not to let cows freely on roads, cattle owners are not paying heed to the warnings and are letting their cattle roam freely on the roads resulting in accidents sometimes fatal.

Police sources said that they had written to the MCC after stray cattle were found roaming on streets and yesterday, the MCC staff, who arrived at the spot, found two cows wandering on the road in Jayalakshmipuram and with the help of the Traffic Police, seized two cows and took them to the MCC Animal Shelter. The cows would be released after their owners pay fine.

Police said that cattle owners should leave their animals for grazing only in fields and in empty spaces and should tie the cows. If cattle is found wandering on roads, they would be seized, the Cops added.

Leopard sighting scares Aishwarya Layout residents

Mysuru, Oct. 10 (SSV)- Residents of Aishwarya Layout on the outskirts of Bogadi are scared after sighting a leopard in the vicinity.

The leopard movement has been caught in CC camera installed at a house of Dr. Anil in the Layout. Since the dogs were barking continuously that night, residents checked the CCTV footages next morning and were shocked to see a leopard moving on roads. The video clipping has gone viral on social media.

Residents of Aishwarya Layout, Ravishankar Layout, Judicial Layout, Treasury Employees Layout and others were feeling scared to come out of their houses after dark. The biggest worry for the property owners is that a lot of children and senior citizens stay in these layouts. Besides, a school is also located in the same area. Residents have appealed the Forest Department to nab the leopard.

Meanwhile, a Forest Officer has admitted the presence of leopard in the area and said so far, it has not done anything to anybody. However, staff will be sent to the spot to take required action, he added.

VOICE OF THE READER

MASK is our VACCINE till mid-2021

Sir,

The COVID-19 pandemic is burgeoning across the country without any respite so also the rate of testing. Leading Pharmaceutical Companies are moving at a breakneck speed for the elusive vaccine which in all likelihood might be ready by early 2021. Rich countries like USA, Germany and other European countries have already been funding Pharma Companies with potential to succeed in their quest for the vaccine. Even in India many Pharma Companies are successfully pursuing the trials to make a breakthrough at the earliest.

Even if the vaccine is ready by March-April 2021, it will take a couple of months for the vaccine to be available for the vulnerable section. The Government has to strengthen the supply chain and distribute across the length and breadth of the country. There will be clamour by various States to get the vaccine on priority to cater to their citizens first. The COVID pandemic will be spreading fast across the country given the citizens' scant regard for following the COVID protocols in letter and spirit. It is frightening to see thousands of people belonging to various organisations protesting against the Government's policies with little care for social distancing and wearing mask etc. We are virtually sitting on a powder keg to explode.

Therefore, it is the bounden duty of all the political, farmer and other organisations to observe self-restraint and discipline in avoiding large gatherings and espouse their genuine concerns in a COVID compliant manner. COVID does not make distinction on class, creed or wealth as we have been seeing the sad death of our law-makers, doctors, the rich and the poor alike. Hence, MASK is our VACCINE till mid-2021.

Sd/- Hon. Secretary

Need both Good & Bad NEWS

IN BLACK & WHITE

Vikram Muthanna

As television news channels turn our living rooms into gloomy rooms with reports of COVID deaths, Sushant Singh Rajput's investigation and Hathras murder, three "Good News" items gave us a break from this constant "negativity."

First, social media after a while was put to good use. A food blogger, Gaurav Wasan, made a short video of a roadside food stall called *Baba Ka Dhaba*. In the video the owner, an elderly man cries talking about how he has fallen on hard times, as he has no customers because of COVID. The video went viral. The next day when the old man came to his food stall there was a line of customers to eat his food! He is doing well now.

Second, the birth of 007, not James Bond, but like the title of the new Bond film *"No Time to Die,"* this premature child who initially wasn't expected to make it, was delivered on an Indigo flight! And this baby boy is 007 because the form to register a birth on a flight is called FFS - 007, ah!

Lucky for the baby and mother, there was a gynaecologist on the flight, the Indigo crew had injections that could prevent bleeding for the mother and the baby boy was born with just enough time to reach his final destination without having to divert the flight. It all came together.

Third is the news of how a boy from Uttar Pradesh, who went missing five years ago, was traced to a child welfare home in Assam and reunited with his family. What makes this news hopeful is, knowing that our Government is investing money on good technology and even better, our institutions are actually using them.

This young boy was traced because of a face recognition system called DARPAN, which the Telangana Police have deployed. This face recognition software, launched in 2017, maintains a database of children and persons lodged at various rescue homes across the country. It then matches these photos with missing children in the FIRs and now, thanks to this, a young boy has found his parents.

While these three stories this week were indeed a much-needed break from the negative news that our television news channels have been peddling, should they stop reporting bad news or negative news as many opine?

This opinion reminds us of US President Nixon's Vice-President Spiro Agnew, who referred to the news media as "nattering nabobs of negativism" who "have formed their own 4-H Club — the Hopeless, Hysterical Hypochondriacs of History." Well, many viewers of Indian TV news channels may agree with this assessment, but let's not forget it was the same 'Hopeless, Hysterical Hypochondriacs of History' who exposed his President Nixon's Watergate scandal.

In 2012, the Russian Government wanted to pass a Bill that made it mandatory for the media to limit negative news to 30 per cent; any violation of this meant prison sentences of up to two years! Of course, this Bill did not pass. But the question of bad news Vs good news ratio in news media is on the rise across the globe.

Many newspapers and media companies today are trying to put up positive stories, even at the cost of being called an escapist media. I remember once while working for a national daily, when the editorial team decided to put a report about a young girl's death in the inside pages without the photograph, the next day the Circulation Department, which is in charge of the newspaper's sales, took objection to this editorial choice because other newspapers had put the same news in the front page with photo and so had sold more copies.

The Circulation Executive even gave us a lesson in journalism as he said: "The movies are supposed to be escapist, not newspapers? Your job is report, good or bad" and cheekily added, "for your information, bad news sells and you get paid if we sell."

He was right; the most consumed news stories are crime, sex, politics and then sports. That is why Princess Diana was more sought-after and read about for her affairs than her charity work. That is why people know more about Sushant Singh's death than the Farm Bills that affect millions.

But there is a problem with too much positive news, it dulls the urge to question or fight. Over time constant positive news mellows one's ability to identify and aggressively critique systemic problems.

We are so overjoyed by the act of giving a hungry man fish that we don't care to teach him how to fish. We don't demand our Government to put in place a scheme to teach him how to fish so he does not remain a charity case.

Example is the *Baba Ka Dhaba* case. Yes, it was indeed wonderful to see people line up to bring a "smile" on the old man's face, but may be there should be a campaign to come up with some kind of social security for street food vendors. Because there are many elderly street vendors in this country who need help, who need social security, they all cannot live on momentary social media inspired charity.

What happens to *Baba Ka Dhaba* after the crowds thin out and the selfie seekers have moved on to the next emotional viral outbreak? We just can't be happy with a momentary act of kindness because it only fixes a symptom, not the problem.

Agreed, positive news is needed for our own sanity. However, the importance of negative news cannot be denied. Especially for an uninvolved citizenry who needs to be enraged, outraged and kicked into action.

Of course, it is good to have "good news" but let's also remember realistic pessimism beats deluded optimism.

Pourakarmikas end stir as MCC decides to do away with Contract System

Mysuru, Oct. 10 (SBD&DM)- Bowing to the demand of striking Pourakarmikas, the continued Council meeting of Mysuru City Corporation (MCC) that took place at the MCC Hall on Friday, decided to do away with Pourakarmika Contract System and to introduce Direct Wage Credit System.

The Contract Pourakarmikas, demanding that they be covered under the Direct Wage Credit System, had launched an indefinite rotational stir on Thursday and the stir continued for the second day on Friday.

The continued Council meeting, taking serious note of the stir, deliberated on the issue for about an hour on Friday before deciding on Direct Wage Credit System.

Speaking at the meeting, MCC Opposition Leader M.U. Subbaiah welcomed the decision to abolish the Contract Pourakarmika system and introduction of Direct Credit System for wage payment. He suggested that the MCC should take measures well in advance in order to ensure that the new system does not lead to any problems in the future.

With most of the Corporators, including Prema Shankaregowda of JD(S), Ayub Khan of Congress and B.V. Manjunath of BJP supporting the decision, Mayor Tasneem announced that the MCC has decided to abolish Contract System and to pay wages to 724 Pourakarmikas who were serving on a contract basis, under Direct Wage Credit System.

Pourakarmikas erupt in joy

Soon after the Council meeting ended, Mayor Tasneem, MCC Commissioner Gurudatta Hegde and several Corporators visited the striking Pourakarmikas and informed them about the Council's decision.

Upon coming to know of the decision that was in accordance with their demand, the Pourakarmikas went into a celebratory mood and thanked the officials and Corporators.

They also distributed sweets to them and burst crackers in celebration.

MCC Council approves online issuance of trade licence

Mysuru, Oct. 10 (PM&DM)- The MCC's continued Council meeting on Thursday approved online issuance of trade licence

The council decided to develop the necessary software for issuance and renewal of trade licence on the lines of online payment of property tax.

In another significant decision, the Council resolved to come up with a Geographic Information System (GIS) that aims to avoid duplication of works and also to develop 'Record Indexing and Digitisation' software aimed at safeguarding all documents and records.

Naming circles and roads

The Council also discussed the issue of naming of roads, parks and circles. The Council approved naming of the road leading from Subhash Chandra Bose circle near RMC to Farooquia Dental College (passing through Shaneshwaraswamy temple main gate) after M.K. Lingaiah road, the stretch of road leading from Gandhi Square to K.R. Hospital road (passing through Uma Talkies) as 'Sri Prasanna Ramamandira Road', the park at Kuvempunagar M-Block as 'Bharat Mata Park', the playground behind Banashankari temple in Kuvempunagar as 'Vivekananda Playground' and the park in front of Kukkarahalli school after late Prof. K. Srinivasan.

It was also decided to name a road or circle after retired IPS Officer late Bipin Gopalkrishna, who had served as the City Police Commissioner over 17 years ago.

Unidentified body found

Mysuru, Oct. 10 (KS)- Saraswathipuram Police on Oct. 6 have found a body of a man aged between 70 and 75 years on Railway Gate Road in front of Chandramouleshwara Temple and have shifted the body to MMC&RI mortuary besides registering a case.

The deceased is 5.4 ft. tall, oily red complexioned, normal built and was wearing a white shirt and brown shorts.

The kith and kin of the deceased, if any, may contact Saraswathipuram Police Station on Ph: 0821-2418323 or call Police Control Room on Ph: 0821-2418339, according to a press release from the Station House Officer, Saraswathipuram Police Station, Mysuru.

Refusal to handover land holds up Bengaluru-Mysuru Express Highway project

Bengaluru, Oct. 10 (SSV)- Refusal to handover land by two petrol bunk owners at two places has delayed acquisition process for 10-lane Bengaluru-Mysuru Express Highway project that will allow people to travel in 100 km speed on 117.2 km distance between two cities.

If sources are believed, this 'non co-operation' has come in the way of building a toll plaza on this express highway. One petrol bunk is situated near Kaniminiki and another bunk is in Mandya. Both of them belonged to Indian Oil Corporation. Work orders have been issued to have a ten-lane Highway which included two service lanes.

A senior officer of National Highway Authority of India (NHAI) said time has been extended for the project completion due to COVID-19 pandemic. As per schedule, the first phase of work was supposed to be completed between November 2021 and February 2022. Because of outbreak of Coronavirus, time has been extended till September 2022. The total cost of the project was Rs. 8,000 crore.

The land, on which two petrol bunks were situated, was very important as that place has been identified for the construction of toll plaza. The NHAI has announced a compensation of Rs.50 crore each to owners of petrol bunks but they have refused to accept. This has hampered land acquisition and further construction activities. "We are optimistic of getting them vacated in next one or two months," officer said.

Both the entry and exit points were located in bypass and it will be better if the same was built in Bidadi, Ramnagar, Chennapatna, Maddur and Mandya.

The total distance from Ramnagar to Express Highway will be 7 km distance. Already, 53 percent of works have been completed in first phase of works, officer added.

Woman goes missing with her two kids

Ratnamma *Sushmita* *Supreeth Nayak*

Mysuru, Oct. 10- A woman has gone missing with her two kids from Yechagundla village in Nanjangud taluk of Mysuru district.

According to Police, 24-year-old Ratnamma has gone missing with her four-year-old daughter Sushmita and one-and-a-half-year-old son Supreeth Nayak since Oct. 6. Her brother, Basavanna has lodged a complaint in this regard.

She was married to Ramesh of Taggalur village in Gundlupet town six years ago and had two kids. Recently, Satya, a resident of Taggalur village, who was known to the couple, had uploaded a picture of his with Ratnamma in *WhatsApp*.

This had resulted in quarrel among the couple. Her brother, Basavanna had taken her to be with him for some days. However, she has gone missing from Oct. 6 with her two children.

Nanjangud Police have booked a case and are investigating.

Obituary

Mir Shabbir Hussain

Mysuru, Oct. 10- Mir Shabbir Hussain (36), a resident of Turab Ali Street at Mandi Mohalla in city, passed away in the wee hours of today following heart attack.

He leaves behind his wife and a host of relatives and friends.

Last rites were performed at Muslim burial grounds in Mandi Mohalla today.

S. Raghu

S. Raghu (68), retd. Senior Manager of Vijaya Bank and a resident of Siddarthanagar, passed away on Oct. 8.

He leaves behind his wife, a daughter and a host of relatives and friends.

Last rites were performed at the foot of Chamundi Hill the same day.

Health Inspector killed as tipper rams into bike

Mysuru, Oct. 10 (SPN&KS)- A Health Inspector, working at Kadakola Primary Health Centre (PHC) was killed on the spot, when a tipper rammed into the bike near KEB Junction on Dattagalli Ring Road on Thursday evening.

The deceased is Sheshadri (55), a native of Terakanambi village in Gundlupet taluk of Chamarajanagar district and presently residing at Dattagalli in city.

Sheshadri, who was proceeding on his bike, took a left turn at the KEB junction when a tipper coming from the opposite direction allegedly hit him and ran over him after Sheshadri fell on the road, killing him on the spot.

A case has been registered at K.R. Traffic Police Station.

AIUTUC members stage protest

Mysuru, Oct. 10 (RKB&SD)- Labour Union members of colleges affiliated to Karnataka State Higher Education Department, under the banner of All India United Trade Union Centre (AIUTUC), staged protest opposite the Office of Joint Director of Higher Education Department, Hunsur Road here on Thursday morning, urging the State Government to release pending wages for all labourers working in colleges.

Alleging that College Principals are falsely claiming that they are providing minimum wages for their employees, the protesters demanded the State administration to intervene and stop this unfair labour practice and provide statutory minimum wages according to Labour Law for all labourers working in colleges including that of lockdown period.

AIUTUC State Convenor Chandrashekhar Meti, District Joint Secretary Muddukrishna, Puttaraju, Meenakshi, Indira, Rekha and others were present.

Jumbo awareness through Art

City-based artist L. Yogananda, an alumnus of CAVA, who was in news with his artistic way of creating awareness about the Coronavirus and importance of following Government guidelines to contain the spread of the deadly pandemic, has painted a wall atop Chamundi Hill with an elephant, the cynosure of all eyes during the Dasara festivities, insisting on using mask to stay safe and to draw attention of visitors towards the importance of mask usage.

CM rules out immediate re-opening of Schools

Bengaluru, Oct.10 (SSV)- Laying all speculations to rest, Chief Minister B.S. Yediyurappa has ruled out re-opening of Schools and said the State Government has not taken any decision in this regard in the wake of spread of COVID-19 pandemic.

His reaction came after parents and students opposed tooth and nail the re-opening of Schools from Oct. 16.

Yediyurappa said, "I have observed in media about pro and anti-discussion over re-opening of Schools. Even leaders of political parties have taken objection over it. In view of this, our Government has decided to convene a meeting of political leaders, academicians and senior officials to discuss about pros and cons and then take a decision. Till then, there is no question of re-opening of Schools."

Meanwhile, Leader of Opposition in the Assembly Siddharamaiah in three-page letter to the CM and Primary and Secondary Education Minister S. Suresh Kumar has advised them to declare all students pass and promote them to next classes.

The situation is quite grim in the State with no signs of decline in

B.S. Yediyurappa

Corona positive cases in ten districts. The Government must not play with lives of lakhs of School children. It would be a disaster if Schools were re-opened without allowing the situation to become normal, he added.

Former CM and JD(S) leader H.D. Kumaraswamy too opposed re-opening of Schools and advised the Government to continue online classes till indefinite period. Parents will not spare the Government if something happened to their children. When adults do not adhere to safety norms, how could they expect the kids to wear face masks, he asked.

'Vidyagama' Scheme safe

Refuting media reports that 'Vidyagama' Scheme has been responsible for four students to test Corona positive at Maashal village in Afzalpur taluk of Kalaburagi district, Minister Suresh Kumar regretted of projecting the Scheme as big failure.

Reacting to media campaign, he said the idea of the Scheme was to continue teaching students by taking safety measures following closure of all Schools and Colleges since March. It was the wish of Government to bring every child under the ambit of learning. The programme had been started with the involvement of parents, teachers, SDMC, Schools Management, community members and volunteers to ensure that no kid was left out of learning.

He said teachers had been trained on involvement of students in learning activities and as many as 49.34 lakh students were being taught by over two lakh teachers. There is no report from anywhere to prove that teachers contracted Coronavirus for participating in 'Vidyagama' programme, he added. "We are not in a hurry to re-open Schools. Children's safety is our motto. No prestige involved in re-opening of Schools at the cost of students' lives," he clarified.

Vedike to fete students and retired employees tomorrow

Mysuru, Oct. 10 (RKB&SD)- Karnataka Rajya Nayakara Hitarakshana Vedike has organised a function to felicitate 20 retired employees and meritorious students who have scored high marks in SSLC and PUC as well as notable members of the community at Valmiki Bhavan, Vijayanagar on Oct. 11 at 11 am.

Vedike President Dyavappa Nayak said that Sri Prasannananda Swamiji of Sri Maharshi Valmiki Mutt, Harihara taluk, will grace the occasion. Trustee of the Mutt M. Appanna will inaugurate. MLA Anil Chikkamadu will preside. Former MLA Chikkanna and BJP State General Secretary Siddaraju will offer floral tributes to the portrait of Maharshi Valmiki while former President of Karnataka Maharshi Valmiki Scheduled Tribes Development Corporation S.C. Basavaraju to the portrait of Madakari Nayaka.

Director of Karnataka State Tribal Research Institute T.T. Basavaraju will take part.

WORD OF THE DAY

Coruscate

Pronunciation: KOR-uh-skayt.
Meaning: To give off or reflect light in bright beams or flashes : sparkle; to be brilliant or showy in technique or style.
Origin: To help you gain a flash of recognition next time you see coruscate (or to prompt you when you need a brilliant synonym for sparkle), remember this bit of bright imagery by George Bernard Shaw, describing a centuries-old abbey: "O'er this north door a trace still lingers / Of how a Gothic craftsman's fingers / Could make stones creep like ivy stems / And tilings coruscate like gems." Or you could just remember that coruscate developed from Latin coruscare, which means "to flash." That word also gave us the noun coruscation ("glitter" or "sparkle") and the adjective coruscant ("shining" or "glittering")
Example: "Think of the Amalfi Coast and visions come to mind of verdant hillsides brimming with pastel-color buildings reflected in the coruscating Tyrrhenian Sea." — Sahar Khan

THE ODD WORD

Caduceator

Herald; messenger.

PHRASE OF THE DAY

Curiosity killed the cat

Meaning: An expression that's used as a warning for anyone who is acting excessively curious, as their prying behavior may lead them to harm.
Origin: The saying 'curiosity killed the cat' highlights a certain aspect of a cat's personality. If you've ever owned a cat before, you probably know just how curious these creatures can be. **Example:** Cats love investigating new things in their environment. So let's say you bring home a new piece of furniture and put it in the living room. Your cat will notice. They'll slowly and cautiously approach it, then they'll smell it, touch it, and once they have finished their evaluation and feel comfortable near it, they'll probably jump on it. Who knows, that piece of furniture might even become their new favorite napping spot.
The point is that cats are indeed curious little creatures, and sometimes that curiosity gets them into trouble. So it's not surprising to see a phrase like this one.
Anyway, there is an older form of this expression that goes: "Care killed the cat." In this case, the word "care" seems to mean "worry" or "sorrow." This form of the expression goes back to at least the 16th century.

QUOTE BOX

A cat doesn't care if you are smart or dumb, give him your heart and he will give you his.— **Abraham Lincoln**

DC regains top spot

Sharjah, Oct. 10- Delhi Capitals (DC) regained the top spot in the points table after they beat Rajasthan Royals (RR) by 46 runs in Indian Premier League (IPL) 2020 at Sharjah Cricket Stadium yesterday.

Electing to bowl, RR struck early as DC lost Shikhar Dhawan in the second over as Jofra Archer picked his first wicket.

While Shreyas Iyer and Prithvi Shaw hit three fours and a six over the course of the next over, DC lost Shaw after Archer held onto a catch on his own bowling. RR then picked their third wicket in the powerplay as Iyer was run-out following a fine fielding effort from Yashasvi Jaiswal.

Marcus Stoinis, meanwhile, counter-attacked, hitting Shreyas Gopal for three sixes across two overs. However, DC lost another wicket via run-out as Rishabh Pant got out for 5 in the 10th over.

Stoinis and Shimron Hetmyer then added 30 runs together before the former got out for 39. Hetmyer was then joined by Harshal and the two duo put up a 40-run partnership, with Hetmyer doing all the power-hitting.

The left-hander got out in the 17th over, but not before he had slammed 45 off 24 balls with the help of a four and five sixes. Axar Patel, then played a 8-ball 17-run cameo as DC scored 184/8.

Needing 185 runs to win, RR lost Jos Buttler in the third over as Dhawan held on to a fine catch off R. Ashwin's bowling.

Steve Smith, who replaced Buttler in the middle, was quick off the blocks as he took on Kagiso Rabada in the 4th over, hitting a four and a six.

RR brought up their fifty in the 7th over. But they lost skipper — Smith — on the first ball of the ninth over bowled by Anrich Nortje after Hetmyer took a stunning low catch in the deep.

The next five overs saw RR lose five wickets.

DC introduced Stoinis into the attack in the 11th over. While Jaiswal hit him for a six on the first ball, Stoinis stuck on his third ball as he dismissed Sanju Samson after Hetmyer held onto a catch at dee mid-wicket.

Ashwin retuned into the attack in the next over and got Mahipal Lomror out before Stoinis picked his second wicket, hitting the woodwork to get Jaiswal out. Axar and Rabada then dismissed Andre Tye and Archer respectively. While Rahul Tewatia hit 3 fours and 2 sixes and scored 38 off 29 balls, DC closed out the game, bowling out RR for 138, and sealed a 46-run win.

BRIEF SCORES

DC: 184/8 (Shimron Hetmyer 45, Marcus Stoinis 39; Jofra Archer 3/24) beat **RR:** 138 all out (Rahul Tewatia 38, Yashasvi Jaiswal 34; Kagiso Rabada 3/35) by 46 runs.

Blockbuster French Open title showdown

56th Novak Djokovic Vs Rafael Nadal tomorrow

Paris, Oct. 10- Novak Djokovic set up a blockbuster French Open title showdown with Rafael Nadal yesterday after a dramatic five-set semi-final victory over Greek star Stefanos Tsitsipas.

World number one Djokovic, the 2016 champion at Roland Garros, reached his fifth final in Paris, defeating fifth seed Tsitsipas 6-3, 6-2, 5-7, 4-6, 6-1 in a roller-coaster of a contest where he had held a match point in the third set.

Nadal, the 12-time champion, defeated Diego Schwartzman 6-3, 6-3, 7-6 (7/0) to make a

13th final at the tournament.

On Sunday, Djokovic can win an 18th major and become the first man in half a century to win all four Slams twice.

Nadal, the world number two,

can equal Roger Federer's all-time record of 20 Grand Slam title wins. Djokovic is one of only two men to have defeated Nadal at Roland Garros in 15 years. Sunday will be their 56th clash.

Kenin Vs Swiatek in today's final

Paris, Oct. 10- Sofia Kenin and Iga Swiatek are the last women standing at a French Open tournament unlike any other, full of surprises and held in the autumnal Paris chill after it was delayed four months by the Coronavirus pandemic.

Australian Open champion Kenin is targeting a second Grand Slam of the year while the 19-year-old Swiatek has her sights set on becoming Poland's first major singles champion.

On Thursday, fourth seed Kenin defeated two-time Wimbledon champion Petra Kvitova 6-4, 7-5 to reach the French Open final while teenager Iga

Swiatek became the first Polish woman in 81 years to reach the French Open final as she demolished Argentine qualifier Nadia Podoroska 6-2, 6-1.
